

Connecticut Campaign for

**PAID FAMILY LEAVE**

# Businesses Need Paid Family & Medical Leave

## BENEFITS OF PAID LEAVE TO BUSINESSES & WORKERS

- ***Paid leave improves worker retention***, which saves employers money through reduced turnover costs. Turnover costs are estimated to average 1/5 of an employee's salary.
- ***Paid leave increases worker productivity and morale***, two factors that lead to a better bottom line. When employees know they have the ability to take time off to care for themselves or a loved one, they experience greater job satisfaction and are more productive employees.
- ***Paid leave helps small businesses compete***. A social insurance model shifts the burden of providing paid leave from small employers and is entirely employee funded. This helps small businesses compete with larger employers to attract top talent.
- ***Paid leave works in other states***. A majority of businesses in California (87%) reported no increased costs as a result of the state's paid leave program. Some businesses even reported a cost savings by reducing employee turnover.

**SEVENTY-SEVEN  
PERCENT (77%) OF  
SMALL BUSINESS  
OWNERS IN CT AGREE:**

**IT'S TIME TO  
MAKE CT NEXT.**

## HOW DOES PAID LEAVE WORK?

- Legislation will create an INSURANCE program. All employees contribute to a pool that they can draw from when they need to take leave to care for an ill relative, welcome a new baby, or recover from their own illness or health emergency. **Businesses will contribute 0%, or \$0, to the program.**
- All start-up costs are reimbursed to the General Fund within the first YEAR of collections. Premiums are collected for a year before claimants will draw upon the fund, which will make the program self-sustaining and able to handle benefit claims as well as financially support staffing needs.
- Just like car, health, or home insurance, everyone contributes. The proposed program operates as an insurance pool because only a fraction of residents will use it at the same time.
- Not everyone will need to take the full 12 weeks, and some may not need to take any leave at all, but everyone has the peace of mind of knowing paid family or medical leave is available to them if they should need it.
